

## summerwind canines dog training

To our valued Clients,

Sacramento Animal Hospital would like to take a moment to thank you for choosing to train your dog with us. In an effort to make the check-in process easier, we need your completed registration form, dog's vaccine records and payment 3 days prior to the start of your training class. You are welcome to email us the form and vaccine records and pay over the phone, or stop by our location at your convenience.

For the Puppy Classes, your dog must be vaccinated with at least one DHPP. For the Basic, Beyond Basic, Agility Class, your dog must be current on Bordetella, DHPP, and Rabies at 16 weeks and older, that have been administered by a veterinarian. We recommend pets receive these vaccines at least 2 weeks prior for full immunity, when possible. **Don't feed your puppy right before class.** Instead, bring their kibble to class in a ziploc bag for use as lures and rewards while training. Also bring a few extra-tasty treats to reward your pup for their best performances. Make sure your treats are in small, bite-sized pieces that won't fill your pup up or take long for them to eat. We also recommend bringing a small water bowl for personal use.

If you have questions, please give our staff a call at (916) 451-7213 or Jean Hargis (916) 765-9421 more information. You can also visit our trainer's website at [www.summerwindcanines.com](http://www.summerwindcanines.com)

Sincerely,

Jean Gauchat Hargis  
Sacramento Animal Hospital
